

POSITION DESCRIPTION

CLASSIFICATION: Licensed Practical Nurse II
DEPARTMENT: Pediatrics – Specialty Clinic
INCUMBENT: _____

DATE: October 2022

FUNCTION

This position functions as a patient caregiver in the clinical areas of the Department of Pediatrics.

ORGANIZATIONAL RELATIONSHIPS

The nurse occupying this position reports directly to the Charge Nurse who reports to the Nurse Administrator who reports to the Assistant to the Chair, who reports to the Chair of the Department of Pediatrics.

DUTIES AND RESPONSIBILITIES

The following information is intended to be representative of the work performed by incumbent in this position and is not all-inclusive. The omission of a specific duty or responsibility will not preclude it from the position if the work is similar, related or a logical extension of position responsibilities.

Demonstrates, by actions commitment to the mission and the behavior standards of SIU School of Medicine. Provides excellent service to both internal and external customers through collaboration and partnership; compassion and respect; integrity and accountability; diversity and inclusion; as well as continuous learning and improvement.

I. Patient Care 95%

Utilizes the nursing process and established protocols for the individuals and families who are patients of the Pediatric clinics. This includes telephone triage, direct patient care and patient education.

A. Direct Patient Care

1. Facilitates smooth patient flow by maintaining the prescribed schedule, preparing the exam room for the provider and obtaining any relevant lab and radiology reports prior to the visit.
2. Prepares for clinic by ensuring required information is available at time of appointment, including but not limited to: lab tests, past immunization history, new born screen, etc.
3. Obtains the basic assessment data on patients prior to the patient visit with the provider. Skillfully obtains blood pressures on infants and children, utilizing a variety of methods. Recognizes readings which are not consistent with normal ranges. Accurately documents the information in the electronic health record.

4. Performs diagnostic tests as ordered by the primary care provider.
5. Assists the provider with the clinical exam and procedures according to department guidelines.
6. Schedules diagnostic tests, as ordered by the primary provider and informs the patient/family of necessary data regarding the testing.
7. Processes prescriptions and refills according to provider's orders.
8. Administers medications or treatments to the patient according to department guidelines under direct authorization of the provider. Utilizes proper procedure for administering medication and treatment with special consideration for patient safety.
9. Demonstrates clinical competence in providing specialized care required in the administration of childhood immunizations.
10. Assist with clinic lab logs recording daily labs. Processes labs in a timely manner for follow up by the provider. Informs patients of results as directed.
11. Maintains well-stocked exam rooms.
12. Collects soiled linens and supplies and processes appropriately.
13. Assists in maintaining adequate inventory of clinic supplies and vaccines.
14. Assists in maintaining supply of patient education materials, which are routinely stocked in the clinic.
15. Assists in the completion of referrals for all managed care patients.
16. Proficiently uses the electronic health record systems in support of quality patient care, including timely documentation of all patient encounters.

B. Telephone Triage / Patient Education

1. Screens telephone calls from patients and evaluates the need for the patient to be seen or provided with health care information.
2. Provides health care information to patient/families for treatment of acute and/or episodic minor illnesses according to protocols.
3. Provides diagnostic study results to patient and documents same.
4. Documents information conveyed by the caller pertinent to the patient encounter for the medical record. Records date, time and caller information specific to each encounter. This includes the

time the call was received and completed. Proficiently utilizes the electronic health record according to established protocol.

5. Documents the patient's history information, vital signs, allergies, current medications, weight and chief complaint for the record. Documents all information provided to the caller including follow up instructions. Confirms the correct spelling of patient and caller's name, and call back phone number for each encounter.
6. Organizes the phone calls that require follow up. Checks out to another nurse/phone nurse when scheduled absences occur.
7. Consults with the provider for direction as indicated.
8. Processes prescriptions per provider orders and refills per department policy. Documents all information regarding prescriptions in the medical record.
9. Schedules outpatient testing per provider's orders. Utilizes the appropriate site of service based on insurance policies. Submits referral requests within the electronic health record per protocol.
10. Makes ER or urgent care referrals for patients that are required as a result of the encounter per standing department protocols.

II. MISCELLANEOUS

5%

- A. Coordinates the patient's care with outside agencies by communicating information regarding referrals to all concerned individuals.
- B. Attends in services and department meetings as required. Attends conferences to expand knowledge.
- C. Participates in training and education of others, including students, residents and new employees.
- D. Other duties as required.
