

**LICENSED PRACTICAL NURSE II
POSITION DESCRIPTION**

INCUMBENT _____

CSN N9436

CLASSIFICATION TITLE Licensed Practical Nurse II

DATE 07/22/2022

DEPARTMENT/DIVISION Family & Community Medicine-Quincy

Function

This position provides direct nursing care and support to the patients of SIU Family and Community Medicine-Quincy. The majority of time is spent in the capacity of LPN II where patient care is given within the clinic. This position must work closely with faculty, residents, staff and patients to ensure an efficient operation.

Organizational Relationship

This person reports to the Charge Nurse, who reports to the Site Administrative Director, who reports to the Executive Director of Family and Community Medicine – FQHC, who reports to the Chair of Family and Community Medicine, who reports to the Dean and Provost of SIU School of Medicine.

Duties and Responsibilities

The following information is intended to be representative of the work performed by incumbent in this position and is not all-inclusive. The omission of a specific duty or responsibility will not preclude it from the position if the work is similar, related, or a logical extension of position responsibilities.

Demonstrates, by actions, commitment to the mission and the behavioral standards of SIU School of Medicine. Provides excellent service to both internal and external customers through collaboration and partnership; compassion and respect; integrity and accountability; diversity and inclusion; as well as continuous learning and improvement.

A. Patient Care

80%

1. Prepares patient exam rooms and the patient by explaining the procedure and indications for the exam. Also offers the patient any brochures, diets or booklets pertaining to his/her particular health problems. Teaches patient components of health care related to his/her diagnosis.
2. Takes vital signs, reconciles allergies and medications, assesses smoking status, documents PHQ-2 score, obtains a brief history of the patient and records in chart during patient appointments.
3. Assist doctors at time of exam and with follow-up procedures. Performs as a team leader for faculty physicians and resident physicians.
4. Assist with preparation of medications and treatment as directed by physician.
5. Assist doctors with telephone messages.
6. Follows-up on doctor's orders by transcribing these in EHR and notifying the pharmacy when appropriate.
7. Performs various screening test including: audiograms and visual testing using Titmus or Snellen vision checks.
8. Calls other facilities to set up appointments for x-rays or referral to other physicians. Completes appropriate insurance referral forms for patient to take to specialist.
9. Assists with surgical procedures such as casting under indirect supervision of the Charge Nurse.
10. Assumes charge responsibility for a clinical unit when necessary.
11. Assist in the operation of respiratory equipment when necessary and explains operation to patient, i.e. nebulizer and pulmonary function test.
12. Records prescription refills and other pertinent medical information in patients' charts per phone conversations or through personal contacts following the medication refill guidelines.
13. Performs walk-in blood pressures and other triage needs of the patients and records in chart.
14. Sterilizes instruments and maintains proper maintenance of equipment.
15. Performs EKG's, pulmonary functions test, Spirometry, pulse oximetry, nebulizer treatments, ear irrigations, obstetric non-stress test and external fetal monitoring.
16. Constant updating on computer information availability, including the electronic health record system, insurance information and patient education.
17. Ensures lab diagnostic studies and hospital reports have been scanned into EHR. Performs minor lab tests possibly including urine pregnancy tests and strep throat screens.

- B. Supply Stock & Inventory 10%**
1. Restock exam rooms and nurses station on a regular basis.
 2. Notes medical supplies needed and initiates order through supply nurse.

- C. Miscellaneous 10%**
1. Cleans exam rooms and cabinets as needed.
 2. Team nurses do periodic resident evaluations.
 3. Performs other miscellaneous duties as directed.
 4. Keeps up to date on new polices/procedure/guidelines by checking email daily and attending monthly nursing meetings and other mandatory training.

Knowledge required for the Job

1. Understanding of outpatient physician office procedures and patient flow.
2. Preference given to experience gained in a primary care environment.
3. Able to work professionally and adeptly under pressure.
4. Sensitive to the needs of underrepresented minority populations.

Responsibility

A. Supervisory Controls

The supervisor, as needed, assigns duties. The employee establishes the procedures with the assistance and approval of the supervisor. The employee will then be expected to work independently, except for occasional consultation with the supervisor.

B. Guidelines

The Charge Nurse is responsible for seeing that the policies and guidelines are followed through, and is guided by University and Department policies and procedures.

This person will follow the Family Medicine, School of Medicine, University and Center for Family Medicine-Quincy guidelines. These are general guidelines and do not specifically outline how a person filling this position should perform. However, this person will be a direct reflection of the SIU Center for Family Medicine-Quincy and FCM – Quincy Residency Program. For this reason, neatness, cleanliness, organization, excellent communications skills, both oral and written, ability to get along with others, and personal conduct will be a consideration. Additionally, at SIU Center for Family Medicine – Quincy, we share accountability for safe practices. Employees are required to bring attention to safety issues, change current practices to enhance safety, share errors, and ask for help when needed.

Difficulty

- A. Complexity – Must adapt to changes in physician needs and requirements. Must use sound judgment and be attentive to detail and document thoroughly.
- B. Scope and Effect – The employee in this position directly affects patient satisfaction and health outcomes.

Personal Contacts

The employee will have frequent contact with all faculty, residents and staff, as well as patients, pharmacies, outside physician offices, labs and other health care organizations and agencies.

Environmental, Health and Safety Responsibilities

Participates in meetings, trainings and other environmental, health and safety activities as required by SIU School of Medicine.

Working Conditions

Must be able to work under stress and adapt to changing conditions and priorities. No risks or discomforts are anticipated in this position. Will be required to occasionally provide direct patient care including safe handling of body fluids. See attached Physical and Environmental Requirements form.
