

FACULTY POSITION DESCRIPTION

For the Period of July 1, 2022 through June 30, 2023

NAME: _____

RANK: Assistant/Associate Professor of Clinical Surgery

TITLE: _____

TRACK: _____

DEPARTMENT/DIVISION: Surgery/Orthopaedics and Rehabilitation

POSITION PURPOSE:

This is an academic position in the practice and teaching of orthopaedic surgery to medical students, residents, and allied health professionals at Touchette Hospital, with direct responsibilities to the Chief of the Division of Orthopaedics and Rehabilitation.

FUNCTIONAL RELATIONSHIPS:

This individual reports to the Chief of the Division of Orthopaedics and Rehabilitation, who reports to the Chairman of the Department of Surgery, who reports to the Dean and Provost of the School of Medicine.

DUTIES AND RESPONSIBILITIES:

Demonstrates, by actions, commitment to the mission and the behavioral standards of SIU School of Medicine. Provides excellent service to both internal and external customers through collaboration and partnership; compassion and respect; integrity and accountability; diversity and inclusion; as well as continuous learning and improvement.

The following information is intended to be representative of the work performed by the incumbent in this position and is not all inclusive. The omission of a specific duty or responsibility will not preclude it from the position if the work is similar, related, or a logical extension of position functions.

I. Teaching

5%

This position requires the integration of and emphasis on orthopaedic surgery and rehabilitation in the educational programs of ancillary personnel, undergraduate medical education, orthopaedic surgery residents, in addition to continuing education in the community and its physicians.

1. Participate in the development and implementation of specific undergraduate curriculum in orthopaedics and rehabilitation.
2. Participate directly in orthopaedics and rehabilitation residency training.
3. Participate in continuing education programs in orthopaedics and rehabilitation within the clinical faculty and for practicing physicians in the area.
4. Provide a role model as a teacher in orthopaedics and rehabilitation, trauma surgery, and general orthopaedics.

II. Service (Patient Care)

90%

Participates in programs designed to provide enhanced care for patients in central and southern Illinois, as they specifically relate to the area of orthopaedic surgery.

1. Assist in the coordination of multiple disciplinary clinics for the care of orthopaedics patients.

2. Be an example of highly skilled and conscientious practice of orthopaedic surgery and rehabilitation that is balanced with self-education and other academic activities, setting an example to future practitioners in orthopaedics and rehabilitation.
3. Maintain an orthopaedic surgery and rehabilitation practice in order to maintain clinical proficiency.
4. Provide a role model as a practitioner for faculty, house staff, learners and fellow practitioners.
5. Participate in peer review for assessing clinical practice for faculty within the Division.
6. Represent the Division of Orthopaedics and Rehabilitation in regional, state and national matters pertaining to the field of orthopaedics and rehabilitation.
7. Attend national meetings, symposia, etc., in orthopaedics and rehabilitation and related fields for the purpose of contribution, gaining of further knowledge and as an example to other physicians and learners.
8. Present papers at meetings of orthopaedics and rehabilitation and other related fields.
9. Serve on committees in national, regional and state societies pertaining to orthopaedics and rehabilitation.
10. Represent the Department of Surgery or the Division of Orthopaedics and Rehabilitation, or both, on committees as requested by the Chairman of the Department or the Chief of the Division of Orthopaedics and Rehabilitation.

III. Research

5%

1. Initiate and stimulate and initiate clinical research efforts in the areas of orthopaedics and trauma.
2. Provide a role model for students and residents as an investigator and medical writer.
3. Seek appropriate funding mechanisms to support research. Seek extra and intramural grant support.

REQUIRED QUALIFICATIONS:

1. Board Certified or Board Eligible in Orthopaedic Surgery.
2. Able to be licensed in the State of Illinois.
3. Sensitive to the needs of underrepresented minority populations.

ENVIRONMENTAL, HEALTH AND SAFETY RESPONSIBILITIES:

Participates in meetings, training and other environmental, health and safety activities as required by SIU School of Medicine.
